Young Actors Company

Ages 5 - 8

Our youngest actors will rehearse their part in a show, build stage presence and confidence, improve literacy skills, learn what it means to work as a team to create a show, perform on stage, take pride in what they do, and have a ton of fun!

Ages 9 - 12

Students will continue honing stage presence and confidence, participate actively in their education as growing artists, work as a team to create a live performance, and widen their understanding of what it means to be part of the cast and crew during rehearsals. Students in this group are beginning to take ownership of their journey as young actors, and our team of professionals will guide them along the way.

Ages 13 - 17

Young adults are learning that life is all about the choices you make. As they grow into their roles in a show, these students will learn to make intentional choices about the ways their characters perform and interact. Our team encourages the cast to explore character motivation and create performances that are more authentic and vivid for the audience in the theatre.

ATTENTION HOMESCHOOL FAMILIES:

Please consider participating in our classes designed especially for homeschool students. These classes feature longer sessions, greater focus on educational standards, and promotion of curriculum connections.

GROW WITH US!

We welcome children at all ability levels to audition for the show in their age group. Auditions and rehearsals are held in preparation for each show.
